

Figure 1: The Help menu

✓ Note

The following options indicated by a ⁺ symbol are only accessible if your computer is connected to the Internet.

- **What's This?** – For quick tips when a toolbar is visible, place the mouse pointer over any of the icons to see a small box (“tooltip”) with a brief explanation of the icon’s function. For a more detailed explanation, select **Help > What's This?** and hold the pointer over the icon. In addition, you can choose whether to activate extended tips using **Tools > Options > LibreOffice > General > Extended tips**.

✓ Note

The What's This? facility and extended tips are being improved but in LibreOffice 7.0 this work is incomplete and so they are not fully functional.
