

Figure 476: Changing the color of elements in Calc

If you wish to save your color changes as a color scheme, click **Save**, type a name in the *Name of color scheme* box in the pop-up dialog, and then click **OK**.

## Advanced options

Two items of interest on this page are found under *Optional Features*:

### Enable experimental features (may be unstable)

Selecting this option enables features that are not yet complete or contain known bugs. The list of these features is different version by version.

### Enable macro recording (may be limited)

This option enables macro recording, with some limitations. For more about macro recording, see Chapter 13, *Getting Started with Macros*, in the *Getting Started Guide*, and Chapter 12, *Macros*, in this book.

## Options for loading and saving documents

You can set the Load/Save options to suit the way you work. This chapter describes only a few of the options, those most relevant to working with Calc. See Chapter 2, *Setting up LibreOffice*, in the *Getting Started Guide* for a description of the other options.

If the Options dialog is not already open, click **Tools > Options** on the Menu bar. Click the expansion symbol (+ or triangle) by Load/Save on the left-hand side to display the list of load/save options pages.
