

Article IX- Supplementary Regulations  
Section 908 – Special Land Uses (continued)

7. Standards Required of Special Land Uses

- A. Special Land Uses shall comply with all of the standards as specified herein. The Planning Commission may add to the standards as provided where it is necessary to protect adjacent properties, the general neighborhood and the residents and workers therein. If structures are placed upon the property which was granted a special land use permit, it (they) shall comply with Article IX, Sec. 908(5).
